FIREARM SAFETY

Properly securing and storing firearms is very important when it comes to firearm safety. Unfortunately, many reports are still being made for firearms either: (1) *stolen from vehicles*, or (2) *stolen from unsecured locations in home*. Many of these stolen firearms are eventually instruments of crime. **DO NOT LEAVE FIREARMS IN VEHICLES.** When storing firearms, properly ensure that they are unloaded and secured with a gun lock. Store firearms and ammunition in separate locations, and keep them out of reach to unwanted persons. If possible, invest in a firearm safe to secure firearm(s) from others.
