

KEEP YOUR KEYS... KEEP YOUR CAR

Never leave your vehicle running unattended... in your driveway, on the street, at a gas station, or in a parking lot.

It is illegal to leave a vehicle running unattended and can result in a fine.

Philadelphia Traffic Code 12-915

PUSH START VEHICLES

Most push button start vehicles may still be driven without key fob being present. Once the vehicle is started, it will run until it is shut off or runs out of gas. Remember, "keyless" technology is a convenience only; a running car is still a running car.

To report suspicious activity, call 911.
