

The Audio Visual and Social Media Ministry

The Audio-Visual Ministry continues to serve the congregation for Sunday Worship Services and special events.

Working with the Website ministry, Grace's weekly sermons can be found on YouTube (**Grace Baptist Church of Germantown**), Facebook (**Grace Baptist Church GTN**) and on the Website (**gracebaptistgtn.org**). There you can watch the sermon for any given Sunday if you were not present, or if you just want to watch it again.

You can also find announcements for upcoming services and events on Grace's Website and Instagram page:

<https://www.instagram.com/gracebaptistchurchofgermantown/>

During the pandemic, The AV Ministry was blessed with the resources to be able to provide complete virtual worship services for all our church members, neighbors, visitors, and friends.

Post-pandemic, Sunday Morning Worship is still being livestreamed for those who are not able to join us for in-person worship.

We encourage Grace's young members to become part of this ministry.
